State Insane and Idiotic Asylum

DRS. HAWTHORNE & LORYEA,
Physicians and Proprietors

IN PURSUANCE OF A LAW PASSED BY THE PRESENT Legislative Assembly, the Oregon State Insane and Idiotic Asylum is located in East Portland in this county. Drs Hawthorne & Loryea, Physicians and Proprietors

The Proprietors of the above Establishment will immediately make additions to their present buildings in order to give accommodations to all who are unfortunate enough to need the care and treatment of an Insane or Idiotic Asylum

It is especially requested on the part of County Judges, guardians and friends of this class of patients, to have them immediately conveyed to the Asylum so that they may be properly cared for before the inclement weather sets in

THE INDIGENT WILL BE SUPPORTED BY THE EXPENSE OF THE STATE and no record of debt made against them For further particulars apply to

RAILROAD MEETING —We observe a growing interest on the subject of the Oregon Railroad among the citizens of this State exhibited in the attendance upon public meetings called to consider the reports of survey and perfect arrangements looking toward the taking of stock Such a meeting is this morning advertised to be held at St Helens, and we hope our citizens will soon have one or more meetings in this city upon the same subject The exchange of ideas in a public gathering is always beneficial to a community and especially would this benefit accrue to our citizens, when a direct line of road is contemplated through the length of the Willamette valley, and where so little of the advantage of such a project is generally understood We should by no means suffer our city to fall behind in an exhibition of interest in what must result so much to our prosperity if carried out A diffusion of knowledge from competent persons as to the effect of the Willamette valley Railroad on our business would conduce much toward hurrying on its completion

U S SANITARY COMMISSION —The following letter from Dr Bellows has been handed us for publication Our readers will learn from its perusal that the Doctor will make his visit during the present month it therefore behooves all interested to get in readiness to make his visit not only agreeable to himself, but profitable to the cause of the suffering defenders of our country.

Mr Holbrook also received a letter yesterday, in which Dr. B. says that after stopping at Yreka, (where our dispatch announces that he would speak last evening,) he would come straight along, making his first stop at Albany for an evening, next day, coming to Salem and lecturing in the evening if wanted, and next day at Portland, where he can stop only two days—thence to the Dalles, and back to Vancouver, Olympia and Victoria, and to San Francisco by sea in the shortest time possible.

SAN FRANCISCO, August 5 1864

HENRY MILLER, ESQ. TREASURER M S A S—*Dear Sir* —I have great pleasure in acknowledging the receipt of $125 from the Milwaukie Sanitary Aid Society, through your kind communication Please assure your co-workers how gratefully I receive in behalf of our sick and suffering soldiers this evidence of the loyalty and humane sympathies which animate all your hearts

Hoping to be in Oregon (on a very short visit) in the course of this month I may have the good fortune to see you among other friends But if I should not I trust you will understand that it is not want of inclination, but only of time, that keeps me away

Wishing your town, and especially your Society, every blessing which a free and prosperous people can enjoy

I remain cordially and gratefully yours
HENRY W BELLOWS,
President U S Sanitary Commission

REV ROBERT PATTERSON, D D —This able exponent of the objects of the United States Christian Commission arrived on the steamer *Pacific*, and yesterday entered actively upon the duties of his mission, meeting the Portland Board in the evening, and at their suggestion mapping out the routes he is to travel and appointing the days upon which he will address the citizens of different localities, as follows

Salem, to day, Friday, Aug 19

Portland, Sunday, Aug 21st, will occupy the Presbyterian desk in the morning, and attend a General Christian Union Meeting at the Methodist Episcopal Church in the evening

At the Dalles, Monday, Aug 22d Oregon City, Wednesday, 24th, and at Astoria Friday, 26th, if the steamer will permit

The Doctor is warmly eloquent upon this glorious theme and cannot fail of awakening a goodly degree of interest in the work We commend him and the cause to the kindly attention of all whom he has occasion to meet

BISHOP CLARK —This reverend gentleman arrived on the steamer *Pacific*, and left on the stage yesterday morning for Salem, where he is to preside over the Conference of the M L Church now in session The Marysville *Appeal*, in noticing that Mr Haworth, President of the California Stage Company, with his usual liberality, had forwarded the Bishop a free pass on the Company's stages from Portland, Oregon, to Lincoln, Cal says he will return overland to preside over the California Conference, which commences its annual session in Powell Street Church, San Francisco on the 21st of September The Bishop was formerly editor of the *Ladies Repository* so favorably known as a magazine, and this is his first year as a Bishop

"LECTURE FROM THE FRONT" —Hon Frank M Pixley, lately arrived from the East where he visited battle fields while the air was thick with burnt powder and bullets, is now lecturing with great success through California in aid of the soldiers We hope he may come through Oregon and give us a taste of his quality

TAKEN THE STUMP —Hon J D Henderson, Representative elect to Congress has taken the stump for Lincoln and Johnson Mr Henderson is a good speaker, reasons well, and is on the right side, and will do a giant's work in the campaign

CAMPAIGNER —Hon George L Woods, one of the Union candidates for Presidential Elector, was in the city last evening and leaves this morning for Lafayette, Yamhill county, where he proposes to commence his campaign labors We bespeak for him large and patriotic audiences

DR BELLOWS —A telegram from the operator at Yreka, informs us that the Rev Dr Bellows was to lecture there last evening en route for Portland

STRANGE PHENOMENA —John Keenan Esq, who has just returned from Florence, informs us that during his trip and while on Salmon he witnessed a singular freak in the water of that river The water fell one day very suddenly, reaching several feet from its usual standard, when all at once it took a turn and came up again higher than ever, thick with mud, and so warm that it would have been unfit to drink if clear The only solution we can give that appears at all reasonable is that it must have been the result of volcanic action somewhere up the stream —*Boise News*

Letter from a Traveler

PORTLAND Aug 15, 1864

EDITOR OREGONIAN

Having lately returned from the region east of the mountains in Oregon and Idaho it may be that a few items can be gathered of interest to your readers

The mines of the Blue Mountains and of Boise Basin, South Boise and Owyhee are proved to be a success, not only by their results and by the remittances of treasure that are so continually flowing thence, but also by the growth and prosperity that attends regions as before mentioned the settlement and cultivation of the fine valleys that compel the hand of industry and the ripening crops that already reward its endeavors

The valleys of Grande Ronde and Powder rivers especially the former are become extensive producers where two years since there was no cultivated soil, and towns and villages are springing up with touches of refinement about the newly erected homes to indicate the progress we may expect in the future Auburn—as we heard of though it is a prosperous, with few who are broke and many who have reason to expect something handsome from their present summer's work now mining towns are more prosperous in proportion to their size When the placer mines of Eastern Oregon shall fail, there will be extensive quartz mines in operation in every portion of the Blue Mountains and of the Bago Mountains near Snake river The road from the Columbia river to the mines in every direction affords the travelers comforts places for rest and refreshment In many localities private enterprise has improved the roads and shortened the routes of travel and the valleys of Idaho—especially the Payette and the Bonse—promise to almost furnish the mining regions around them with supplies The Boise valley is the gem I think, of all the spots east of us and Boise City situated in its midst surrounded as it is with mountain ranges full of mineral treasures is destined to be the Capital of the new State and the most eligible spot east of the mountains The Boise Basin is scarce a days ride distant South Boise will its brilliant promise is not more than one hundred miles off, and Jordan Creek in the south west corner of Idaho Territory is but sixty miles to the south across Snake river, and the Oro Fino mountain with its wealth of ledges tempting the avarice of speculators 'in feet' and snow capped until August, is the highest point that greets the eye of the southward of it

Quartz mills are in progress of erection at South Boise in the Boise Basin at different points and also at Jordan Creek at which point my experience was principally confined

Owyhee is a land of promise, if promise can be gathered from rich croppings of silver and gold and the existence of many well defined ledges more or less rich in gold or silver but Jordan Creek—which, though flowing fifty or sixty miles before finding the Owyhee river, is still known as the 'Owyhee' —is the worst place in the world for a poor man unless he is found of hard work and can take the chances of getting it, which are not certain Discoveries of rich ledges are so numerous and frequent, that the best ledges are soon forgotten, unless kept in the public mind by being worked to some considerable extent For a place destitute of money Jordan Creek does very well but dull! does hardly expresses it when used as descriptive of the place and its present prospects Men who rich in 'feet' resort to every imaginable means to 'raise the wind,' and as few ledges have been developed to any considerable extent, but few have any decided claim upon public estimation or can realize any great sum when placed in the market

As 'Owyhee' is often mentioned in the Portland prints, and figures often in the now made stock exchange, I will give some little accounts of the different ledges there, their size, apparent richness, and the work done on each

To commence, the "Oro Fino" has the most prominent place in the public eye being the best developed, and of assured richness The discovery hole is on a ridge, and at a depth of some 15 feet, showed a small vein of the ledge about as rich as could be conveniently smashed in gold and silver The company commenced a tunnel on their line North 700 feet distant, 140 feet below the discovery point and appeared to find little pay in this ledge for quite a distance, but have lately been rewarded for their faith and labor by finding a ledge from four to six feet wide and very rich gold and silver bearing rock They must be in 125 feet at the present time and have at least 300 tons of rock ready to crush and a fine mill going up that will be at work before October. South of this point is the "Crane and Driggs" supposed to be 'Oro Fino,' sunk near 100 feet on the ledge, not so wide as the discovery but similar rock, and quite as rich in appearance As the "Ainsworth Mill Company's Mill" crush this rock, and are already at work—though running but a few hours each day, from lack of water—you will probably soon hear from there concerning the work of the mill and the yield of the rock So far as I could judge from a visit to the mill, the want of water, is all that prevents good work being done.

South, the Oro Fino prospects well on several extensions though there appears to be an uncertainty where the ledge lies in any direction off the discovery ground, which by the by is not for sale, though 40 feet sold in June for $4 000 cash up, and the Crane and Driggs I believe rates as high North of the discovery there is a terrible "imbroglio" and a chance for extensive litigation No one really knows where the Oro Fino is but then slope in the 'Nondescript,' a monster in size, and promising to be the very richest thing in camp, and into which the 'Oro Fino" and Columbia, possibly merge, and any way claimed by all three, and certain to be contended for There are numerous ledges found rich in croppings and improving in size and character when worked, as the 'Potosi' and "Golden Chariot" quite near to the Oro Fino the one 35, the other 60 feet distant, and west of there—towards the creek—over the bald face of the mountain and down its western slope are found the 'War Eagle,' "Silver Legion," 'Homo Stretch," 'Empire' and "Lincoln" ledges of some three feet wide in the croppings, and that are esteemed of value Much prospecting has been done on this mountain, and some smaller ledges found very rich in gold, as indeed every ledge thus far found prospects in both gold and silver Near the foot of the mountain west, is the Home Ticket, which has changed from a narrow ledge, showing almost the pure stuff to about 3 feet in width of decomposed quartz, much more satisfactory in many respects

Below the Home Ticket are the Whisky and Allison the former very rich in gold and silver scarce excelled by any rock in camp, the latter has been tunneled at great expense, and is said to have been struck at a depth 140 feet, eight feet wide and good rock, though, as speculation was going on the world was excluded from the tunnel

Down Jordan creek are the Frisukin Eureka, Calaveras, Alabama, Mineral, Mahala, Yoonday, Donnelly and Athens each possessing its peculiar claims and peculiar admirers and last, but least by any means, is the Morning Star not so rich in gold as Oro Fino, but the richest silver rock in camp I saw one piece weighing 3½ pounds which would assay at least 70 per cent, taken lately from the discovery shaft at a depth of 30 feet. I believe there is not a foot of the discovery ground for sale The ledge has been opened for a mile and invariably found three feet wide 50 feet down, and very rich, and as the mill of Fogus & Co is doing quite quite near and will soon be at work, there needs no further account given of the Morning Star than the rock already out will soon tell

To do justice to the many ledges in Owyhee would be an attempt I cannot undertake While most of the ledges are narrow none have failed to widen when sunk on and I am inclined to believe that ledges of little repute now will prove to be the main lodes of which many narrow veins are spurs and when prospected will afford the best assurance of permanent profit

Considerable timber for lumbering can be found in these mountains, enough for many years to come and fire wood is abundant Water power is uncertain and the winters will prove severe, but the climate is healthy Springs abound of the most delicious water and the wealth of the country seems to be an assured fact

South of Jordan creek is Flint district, eight miles distant scarce prospected at all resembling Humboldt in the character of the rock, which is antimonial silver ore and with larger ledges The Haight assays yields over $500 to the ton, and many other ledges appear as well

Three mills will be in operation on Jordan creek another month and then will answer two questions that the world constantly asks Will the ledges afford rock enough to keep mills at work and will the rock this furnished pay? And few there doubt that these will be answered in favor of Jordan creek

MURDER AT KOOTENAI —The *Mountaineer* of Thursday says that Theodore Birmester formerly of the Dalles, shot and killed a man in the mines, the miners were about opening a court to try and would probably hang him He is thought to have a family living in Grand Ronde Valley

The same paper says

The overland mail arrived at Walla Walla at 2 o'clock on the morning of the 10th inst The trip was made through from Salt Lake in eight days The overland mail via the Dalles and Walla Walla is now a fixed fact Under the present arrangement, Thomas & Co's stages carry the mail from Walla Walla to Boise City in two and a half days Thomas Ben Holliday runs the mail by way of Fort Hall and Salt Lake to Atchison on the Missouri river making the whole distance in eighteen days Why may that we of the Northern mines not have it with quick communication with the Atlantic States

By Overland Telegraph.

SPECIAL DISPATCHES TO THE DAILY OREGONIAN

LATER FROM THE EAST.

Dates to August 17.

HEADQUARTERS ARMY OF THE POTOMAC, Aug 16 —Everything quiet in front of Petersburg The rebels for the past few nights have been moving their troops in the rear

Nothing further has yet taken place in shipping has taken place

Deserters continue to come in small squads and tell the usual stories

Gen John P Hatch now commands the 9th corps

Fifty mule teams have been constructed to each of Smyths brigades engaged the enemy in the front on the Deep Bottom The 10th corps under Birney is kept out of the line Over four Smith's guns and a number of pontoons with a small force The enemy attacked our picket line in front of Birney's division the 10th corps was driven up in the line of battle and obtained a mile of the Darbytown road in front of Hagans two weeks ago

Here the struggle to Col Mix's command took the road and charged across a cornfield over a hill and down the ravine when they came to the stone wall each on the other and the gallant men being exposed to a heavy fire from the rebel artillery on the hill opposite to cross the ravine and the men fell and lay concealed as well as possible until then they were withdrawn The following officers on the 1st and 2d division which were engaged in the conflict and all were brought off our troops still hold the position in front of the rebel works which are very strong

NEW YORK, Aug 18 —The *Herald* special dispatches from Deep Bottom 7 A M On the 16th it was ascertained that from Grant's line had been advanced nearer Richmond Considerable fighting occurred during the day the rebels falling back

The *Commercial's* special says A division of the 5th corps landed at Deep Bottom this morning

Advices to day from Sheridan's department says the rebel cavalry at Strasburg posted in a strong position and well protected against a flank movement Sheridan is close upon him

Nothing important from Atlanta Hood had been routed The operations were mostly into a regular siege Sherman is strongly intrenched and is extending his lines around the city

NEW YORK, Aug 17 —The *Herald* special says that the flank movement on the rebel line is progressing finely

On yesterday morning the enemy's works were turned and they fell back on Monday night to a better position

Late advices state that Gen Sheridan has fallen back to Winchester where he will fortify and act on the defensive

LOUISVILLE, Aug 17 —Advices state that on the retreat of Stoneman to Marietta Dalton Ga Wheeler attacked the place and gained some trifling ground from whence he kept a harassing fire, driving Stoneman from his position to the Railroad Station where the rebels were checked

OMAHA, Aug 17 —The Overland Stage Company continue to remove large amounts of their stock to this place to be secure against the incursions of the Indians

The Indians attacked their coaches, loaded with passengers seven miles east of Cottonwood this noon, and soldiers have been sent to their relief from that place

It has been ascertained by reliable scouts that during the last 20 days simultaneous attacks have been made by combined hordes of Cheyennes Kiowas Utahs Snakes Comanches and Arapahoes on Forts Kearney and Cottonwood and all along Platte Valley

Every measure is being taken by the whites to give them a warm reception

All the ranches are deserted, and the proprietors and their families have taken refuge in the nearest forts

Depredations continue to be made daily on the stock coaches and stations of the Overland Stage Company

The telegraph operator at Alkali Lake was driven off and his tools taken

On the more thickly settled portions of the route between Omaha and Kearney, the people are erecting forts for the defense of their lives and property and are arming for emergencies, though it is hardly probable that any incursions will be made this far down the river

Maj Gen S R Curtis commanding this department arrived yesterday

He leaves for the west shortly to adopt decisive and efficient measures for the protection of the mail routes and emigrants

California News.

SAN FRANCISCO, Aug 18 —Weller was released from Alcatraz last evening on $2,000 bonds and on taking the oath of allegiance

Telegrams from Salt Lake show that 300 or 400 miles of the overland mail route is in possession of the Indians

All the stock for two hundred miles west of Kearney has been withdrawn

The mails will probably be carried by steamer hereafter

Telegraph communication remains undisturbed as yet

The steamer *St Louis* arrived this morning at 7 o'clock

The steamer *Sierra Nevada* sailed to day at noon

The *John L Stephens* arrived to-day from Mazatlan

Industrial Exhibition

We publish below a communication to the industrial population of Oregon, which we hope will receive the attention its importance demands Our people have now the opportunity—if they will but embrace it—to do themselves justice by forwarding samples of home productions and manufactures The exhibition in question will compare favorably with any previous exhibition in any country, as in mechanics the Pacific coast is second to no section of the globe Our gold, silver, copper iron coal, fruits, wool, flax, tobacco, and all raw and manufactured material, with inventions and specimens of Oregon artizanship should be represented

EXECUTIVE DEPARTMENT STATE OF OREGON
SALEM, August 10 1864

EDITOR OREGONIAN

Dear Sir —The enclosed letter from the Vice President of the Mechanics Institute of San Francisco, has been recently handed to me I should be pleased to see the same published, and hope time will yet permit the vast agricultural mineral and mechanical resources of Oregon to be represented I agree with the many referred to, "that Oregon can excel in fleeces

Very respectfully, your ob't serv't
A C GIBBS

MECHANICS INSTITUTE SAN FRANCISCO
July 25 1864

To the Industrial Exhibition Committee for Oregon

GENTLEMEN By request of the Executive Committee I would draw your attention to the interest expressed here as to what the State of Oregon is preparing to forward to the Exhibition The time is drawing near and a few items of what is being done here might facilitate your preparations I shall endeavor to render some information as to mode & form as possible

In the first place the building is rapidly approaching completion the 1st day of August being the contract time The general plan of the building is in the shape of an oct gon with an entrance hall 120 ft long by 100 feet wide in the centre of the octagon is being erected a dome also octagonal 100 feet in diameter the base being 60 feet from the floor and rising 60 feet above the base, being in all 120 feet to the summit The amount of floor surface will be somewhat more than 4 acres or about 40 000 feet superfic In the centre of the main building and immediately under the dome will be a fountain surrounded with flowers and plants The fountain will be immediately surrounded by raised platforms giving an opportunity for the visitor to rest and obtain a general bird's eye view of the entire Exhibition The general arrangement of the departments is here is not yet officially fully determined on This can soon be determined on until we hear from your Committee and others at a distance. The wonderful strides it is making in all the industrial arts both in the old country and this country is a sufficient guarantee that there will be a very lively interest in the display of their goods Wool growers will also be on hand in great numbers with their fleeces I trust that your Committee will explain to the wool growers and workers the necessity of having their fleeces in time here with whom I have to deal that Oregon and exceptional fleeces and cloth may be represented Why not manufacturing

The agricultural interest of the State is very large and the several counties have their fairs—this will give an opportunity for Oregon to show what I suppose she will in fact take a leading part of

The number of parties from the exhibiting is very great The amount of machinery will be large and varied there will be three steam engines with machinery at work for the convenience of those wishing power, which is furnished to them free

The display of minerals will be very great—almost every metal being represented—Oregon is a fine region in minerals

The Executive Committee of the Mechanics Institute are anxious to learn from your body, the prospects of probable display from the State of Oregon as they desire to extend it all the advantages of position and prominence due to it and to assign to the State its fitting exhibition

Our time is very far advanced and any information the Committee can furnish the forthcoming Exhibition will be thankfully received

I am Gentlemen, by order of the Committee, your obedient servant
A L HALLIDIE Vice Pres

BIBLE NOTES —From the Acts of the Apostles we learn that a Masonic organization was effected by the Apostle John at the lodge constituted under the name of Ephesus Lodge No 3 the members marching in procession to the Baptist Church where Rev Mr Frank Carmichael was Master Rev James A Priney S W J B Adams Treasurer S S Rice, Secretary and A H Turner Tyler

NOTICE Masters and Seamen of vessels arriving at Dalles city although the mail has

The *News* announces two or three robberies of sailors cabins by some petty thieves and the arrest of a younger one guilty of a portion of the thefts

We glean the following at random

Tom Wilson and Wm Miller who had the misfortune to sink their scow a week or two since and both receiving very fast, and low under and have been found in future left their knives and pistols behind Good resolution

SHOOTING —An altercation took place on Main street on Tuesday between two men by the name of Morgan and Walters, in which several shots were fired the parties meanwhile running through the Florence Saloon and continuing to fire at each other on the street Morgan was severely shot in the arm shattering the bone Walters was untouched We know nothing of the origin of the difficulty

PAYETTE DITCH —A party of practical ditch men, surveyors and civil engineers are about making an experimental survey of the ground between the heads of Grimes and Granite creeks and the Payette river, with a view to bringing the waters of the latter into the claims and galches of the former J D Smith a gentleman of large experience in the ditch business and Mr Hawthorne a practical surveyor and civil engineer, are of the party

MR TOWNE'S SWIMMING POOL —The arrangements at the Warm Springs are now such that when any number of persons desire the use of the swimming pool unmolested they can procure that privilege by taking tickets at the office of the bath house that will entitle them to half an hour's swim or made as they choose The water ranges from eighteen inches to ten feet in depth

MEETING OF THE COMMON COUNCIL.—The regular meeting of the Common Council was held at the Council Chamber last evening. In the absence of President McCraken, Councilman Frazar was called to the Chair. The following members answered to the call of their names: Councilmen Cook, Frazar, Gradon, Hargren, Robertson, Starr—6.

The minutes of the previous meeting were read by the Clerk and approved by the Council.

A petition was received and granted as follows: O. D. Buck, privilege to use Washington street, between Third and Fourth, in building.

Property holders in the Third Ward petition for fire cistern at the junction of Third and Jefferson streets, was referred to committee on fire and water.

The committee on accounts and current expenses reported favorable upon bills of City Marshal and Deputies, allowing the amount claimed $20 70, for which a warrant was ordered to be drawn.

The standing committe to whom was referred the petition of T. C. Walters for relief, reported adverse to its claims. Report accepted.

Warrants were ordered to be drawn in liquidation of claims against the city, as follows: H. L. Pittock, advertising, $10; Joseph Teal, rent of Engine Room No. 3 Company, $10; City Water Works, furnishing water according to contract, four months, $200; J. F. McCoy, Recorder's fees, $16 60; H. Camper, burying dog, $2.

The following were referred to committees: Thos. Agar, for $24; Chas. Stoll, $13; Fred. Miller $10. H. Camper, for "funeral expenses of a dog," $2, Laid on the table.

The Ordinances submitted last week, establishing grade of certain streets named, and providing for the improvement of Fourth street, were taken up and passed.

A resolution passed authorizing the Street Commissioner to contract for 100 loads compost for the plaza.

A resolution passed authorizing the City Surveyor to set the stakes and ascertain grades for persons designing street improvements, service to be paid for by the city.

The City Charter was submitted, received, and after being once read by the Clerk, laid upon the table, for action at a special meeting of the Council.

Council adjourned, to meet on Monday evening.

THE LABOR OF CONVICTS.—"Jackson wagons" are more common throughout the world than "Concord Coaches." These "Jackson wagons" are made by convict labor in the Michigan penitentiary, under contracts let once in ten years, and the system is so perfect that both the contractor and the State gain in the operation. The present contractors, Austin & Tomlinson, have been in the business for nearly twenty years. There are various other branches of industry carried on in the Michigan penitentiary. Our miners use tools from there in working their claims. Our farmers obtain some of the best reapers and mowers from there. Our prospector wears a serviceable boot, made there, and thus we may go through the entire catalogue of useful things, almost any of which could be as well manufactured in the Oregon penitentiary, and with as much, or better advantage to the State, than in our present system. The warden now in charge has been very successful in managing the institution up to the position it now is, and has struggled past many obstacles for the want of proper legislation to aid his plans, and as will be admitted universally the practice of working the convicts out of the prison is not practically what is required, we hope the approaching session of the legislature will make some provision for their employment in the place designated them by the several courts of the State. This is really one of the most important questions that can come before the session, and if statistics are required to base action upon for future legislation, so much the more important that a commencement should be now made.

CIRCUIT COURT.—In the partition suit of Gilliban vs. Corbett and others, the following decision was rendered yesterday, on certain points: On demurrer to answers the Court held that no sales or dedications by the husband of any portion of the part of a donation claim, designated by the Surveyor General as the wife's part, can affect the title of the wife, though such sales or dedications were made before the marriage. That, when division of a claim between husband and wife is made by the Register and Receiver, by designating the *East* half to the husband and the *West* half to the wife, the dividing line need not be a due north and south line, but a line perpendicular to the exterior boundary line is a proper and lawful dividing line. That, where a settler entitled to a section claim, takes a claim less than a section, it is to be divided equally between husband and wife, and neither purchasers nor creditors of the husband, can deprive the wife of the half allotted to her by the Surveyor General however small the claim may be. The case of Griffin vs. Davenport was settled by plaintiff paying costs, and the amount of money advanced as consideration of the deed sought to be set aside, with interest.

THE NEW CITY CHARTER.—We have not the room for special comment upon this document, this morning, which was submitted to the Council last evening. It remodels the city government to a great extent, and contains, to us, some very plain and much needed improvements. By its provisions the Mayor is made the President of the Common Council; the City Recorder as Clerk of the same body; provides for a Municipal Police, and chain gang; for the improvement of streets on a liberal basis, and in, as we could gather from a single hearing, well adapted to the wants of the city. The matter will be taken up in informal session on Monday evening, when it will receive special advisement, and no doubt be submitted to the citizens at large. We feel much better over the future prospects of the city.

THEATRICALS.—Mrs. Julia Dean Hayne arrived by the last steamer *en route* to Idaho, where she will appear in a short professional engagement with the Company formerly of Willamette Theatre, in this city, expecting to return before severe weather sets in. Mrs. Hayne appears the same lively, genial lady. Mr. and Mrs. Irwin did not arrive as was expected, and we understand have gone to the interior of California. Miss Francis R. Gass is at the Metropolitan, in San Francisco.

A MISUNDERSTANDING.—Our statement on the morning after the burning of the pitch and turpentine works, concerning the disobedience of orders by Vigilance Hook and Ladder Company, was made on authority that was incorrect. The accident by which they were delayed occurred through a misunderstanding. We give the facts, in justice to that Company, "no body to blame."

WOODS ON FIRE.—The woods on the East side of the river have been on fire for several days past, and the atmosphere has been densely smoky in the meantime. Mount Robinson has also been the scene of a conflagration. We hear of no damage being done to individual property, and if there should be none the country can well afford to lose any number of trees that may come within reach of the flames.

PERSONAL.—Among the arrivals at the Occidental Hotel in San Francisco, on the 8th, were Mr. and Mrs. J. A. Strowbridge, on their way from the East to this city. They were to leave by the steamer *Sierra Nevada* yesterday, from San Francisco.

FOR THE SOUND.—Captain John H. Couch leaves for Puget Sound this morning, on an official tour of steamboat inspection, when it is thought the steamer *Eliza Anderson*, now tied up at Olympia, will be inspected and released.

FURTHER SOUNDINGS.—We understand Captain Brown, one of the Columbia river pilots, designs taking further soundings at the mouth of this river and on Swan Island bar, to-day.

LOST A FINGER.—A man employed at the Oregon Iron Works in this city, lost one of his fingers yesterday, while in the act of dressing off a water wheel, which was revolving in the machinery.

AN ADDITION TO THE PORTLAND FLEET.—We learn from the San Francisco *Flag*, that the bark *Clara B. Snell*, Capt. Perriman, sailed on the 8th inst., from San Francisco for Portland.

TO SAIL.—The steamship *Pacific*, A. M. Burns Commander, is advertised to sail from this port for Victoria and San Francisco, at 8 o'clock P. M., today.

HOME AGAIN.—Those who would avail themselves of the valuable skill of an eminent Dentist, will be interested to learn that Dr. Magill has returned to our city.

THE DAN HAYES.—The fast sloop *Dan Hayes* now lying at anchor below this city, is offered for sale at a bargain. She would make a handy pleasure yacht, and we would recommend her to some of our excursion loving citizens.

Samaritan Lodge No. 3, I. O. of O. F.—Meets every Wednesday Evening, at 8 o'clock, in Stark's building, third story, opposite the Dennison House. Members of the order are invited to attend.

Jul By order of N. G.

Harmony Lodge No. 12, F. & A. M.—Meets on 2d and 4th Mondays of each month, at 7 o'clock, P. M. Brethren in good standing are invited to attend. By order of W. M.

Oregonians should test the merits of Dr. HOSTETTER'S STOMACH BITTERS. While it is highly palatable as a beverage, it is unequaled as an invigorator. In the pursuit of fortune at the mines, many persons are exposed to the attacks of complaints of the digestive organs, and of various kinds of fever. It is the very article that has so long been in demand at the mines. It daily use will restore the tone of a deranged stomach, impart fresh vitality to the digestive functions, and cheer the spirits. Yet the Bitters is the safest of all stimulants. Let the miner who is exposed to hot and dry, wet and cold, be certain to obtain a supply of the genuine Hostetter Bitter, and he will find it a certain safeguard to health.—Sold by Druggists and dealers generally. jy23law

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "slight cold" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. "*Brown's Bronchial Troches*" give sure and almost immediate relief. *Military Officers and Soldiers should have them, as they can be carried in the pocket, and taken as occasion requires.*

REDINGTON & Co., San Francisco, Agents for the Pacific Coast.

Dysentery.—For Dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting tone to the intestinal mucous membrane, it places this surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

☞ Periodical Headache—so common in uncleared and marshy countries, the Douloureux, that most painful affection of the nerves of the face, are often only attacks of ague in *disguise*—proceeding from the same noxious influence. Jaundice, Dyspepsia and Diarrhea, are frequently but disguised forms of Intermittent Fever. Even Rheumatism and Epilepsy, often result from the same miasmal cause. For such, Dr. Osgood's India Cholagogue is an unfailing remedy. By striking at the root of these affections, it applies with equal certainty, as for the cure of Fever and Ague in its simplest forms.

Imitations are abroad! Be particular to enquire for *Dr. Osgood's India Cholagogue*. Sold everywhere.

Sole Agents for the Pacific Coast.

NEWSPAPERARCHIVE®
NEWSPAPERARCHIVE®

Touching Death Scene

A little daughter, ten years old, lay on her death bed It was hard parting with the pet of the household The golden hair the loving blue eyes the bird like—the trustful, affectionate, large hearted, pious child! How could she be given up' Between this child and her father there had always existed not a relationship merely but the love of congenial natures

He fell on his knees by his darling's bedside, and wept bitter tears He strove to say, but could not Thy will be done' It was a conflict such as he had never before experienced His sobs disturbed the child, who had been lying apparently unconscious She opened her eyes and looked distressed

'Papa, dear papa, she said at length

'What is it, darling" answered the father, striving for composure

'Papa,' she asked, in faint, broken tones, 'how much do I cost you every year"

'Hush, dear, be quiet!' he replied in great agitation for he feared delirium was coming

'But please, papa, how much do I cost you?'

To sooth her, he replied, though with a trembling voice

'Well, darling, perhaps two hundred dollars What then"

'Because, papa, I thought—may—be—you would lay it out this year for poor children—to remember me by'

With what delicate instinct had the dying child touched the springs of comfort A beam of heavenly joy glanced into the father's heart, the bliss of one noble, loving spirit was mingled with his life Self was forgotten—the sorrow of parting the lonely future Naught remained but the mission of love, and a thrill of gratitude that in it he and his beloved were co workers

'I will, my precious child,' he replied, kissing her brow with a solemn tenderness

'Yes,' he added, after a pause, 'I will do it, every year, as long as I live And thus my Lilian shall yet speak, and draw hundreds and thousands after her to heaven

The child's very soul beamed forth in a long loving smile as she gazed into his eyes, and still gazing, she fell asleep Waking in a few minutes, she spoke in a loud, clear voice, and with a look of ecstacy

'O, papa, what a sweet sight' The golden gates were opened, and crowds of children came pouring out O, such crowds! And they ran up to me, and began to kiss me, and call me by name I can't remember what it was but it meant 'Beloved for thy father's sake" She looked upwards, her eyes dreamy, her voice died into a whisper, 'Yes, yes, I come! and the lovely form lay there untenanted of the lovelier spirit

John Lee arose from his knees with a holy triumph on his face

'Thank God" said he, 'I am rich by another treasure in heaven'

THE RESUMPTION OF THE NEW ORLEANS PICAYUNE.—The resumption of the publication of the New Orleans *Picayune*, after its military suppression has been announced, it re appeared on the 9th of July, and in its leading article declared its position as follows

'In resuming the privilege of publication it is our intention to support the Government of the United States, and steadily to advocate all measures to the establishment of its authority in all parts of the country While we may discuss in a fair and candid spirit, and in courteous language, the measures of administration, we desire it to be understood that it is the purpose of our journal to assist in the restoration of peace, of order, the protection of private property and the perpetuation of personal liberty, all of which have been imperilled during the rebellion, by maintaining the integrity of the Union and the just authority of the United States We shall require of those who assist in its publication a sincere devotion to the same general principles We do not claim that the freedom of the press or of discussion, secured to us by our institutions, confers an inalienable right to sap the integrity or seek the overthrow of the Government itself"

There is a new mania for frog-eating in Chester country, Pa A village paper there says. "At the Mansion House restaurant, on Saturday evening last, seven dozen and nine frogs were sold at 10 cents a head Some of the citizens of the borough, who seldom ever went fishing before, can now be seen, gun in hand, on their way to the frog fields We suppose snakes will soon become equally as French if some one will only make the start Several gentlemen report a morning's work, on Tuesday last, on some dams in Williamstown township, at 41 frogs."

Crests and cyphers are now placed upon everything that can be marked even such as umbrella handles, flounces, linen studs, sleeve-buttons, combs, bracelets etc

NEW COLUMBIAN!

Nos. 118, 120 and 122 Front street, corner of Morrison.

GOOD NEWS!

THE NEW COLUMBIAN having just been elegantly finished and being now ready for the reception of customers, the Proprietor would say to the citizens of Portland and the traveling public that he is now ready to receive and entertain all who may favor him with a call at PRICES TO SUIT

THE NEW COLUMBIAN is on entirely new house hard finished rooms well ventilated and well furnished and has capacity to accommodate (with comfort to the guests,) six hundred people

The DINING ROOM is large and commodious, has fine suits of rooms, with connecting doors for families

The TABLE will be furnished with the best the market affords, permitting no house to excel it either in quality or variety

The Proprietor will at all times endeavor to please his guests, and would respectfully and earnestly solicit the patronage of the citizens of Portland and the traveling public

P D SINNOTT, Proprietor.

Sheriff's Sale.

By virtue of an execution and order of the Circuit Court of the State of Oregon for the County of Multnomah to me directed and dated the 4th day of December, 1863 and to me directed and delivered as said Court where and by which judgment was rendered against Wm Plummer Thomas Hollabird Dobbs and William Hamilton and commanding me out of the personal property of the said defendants or if sufficient personal property cannot be found then out of the real property belonging to said defendants or either of them to levy and make the sum of three hundred and twenty seven dollars and fifty cents with interest thereon from March 1 1863 also the costs and accruing

And I did appraising that there is not sufficient personal property of said defendants or either of them I have thereby set apart all the right title interest claim redemption either in law or equity of said defendants or which they or either of them possessed on the 1st day of August 1863 in and to the donation land claim of the said William Blackstone, in said Multnomah county lying on the Willamette river and being the first donation land claim below the claim of Thos H Cusch in said county and including that portion of said claim which appears on page 61 of Vol D of Deeds of said county to have been conveyed to Wm Dodge on the —— day of August 18 and in pursuance of said levy I will on Saturday, the 10th day of September 1864 between the hour of 10 o'clock A M and 2 o'clock P M of said day, sell at public auction at the Court House door in said county all the right title, claim or demand as aforesaid which said defendants or either of them had there in on the said 21st day of August 1863 to satisfy the aforesaid judgment costs and interest

Dated Portland August 10 1864

PERUVIAN SYRUP,

OR PROTECTED

Solution of Protoxide of Iron,

Has been used with the most astonishing success in

DYSPEPSIA,

In cases of the Liver Dropsy Neuralgia Bronchitis and Consumptive Tendencies, Disorders of the Blood Female Complaints Cutaneous Diseases, Loss of the Appetite Nervousness Debility

GENERAL DEBILITY,

and all Diseases arising from

Impure Blood or a Low State of the System.

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are numerous and well authenticated and in many peculiar cases it has conferred more than any human remedy has the power to confer

The class of diseases for which the Syrup is recommended will be found in the pamphlets which will be furnished gratis by the Agent Those who do not order of the Agent at once should write for the pamphlet and there find many of the cases of which they are in search and the evidence of the power of the Syrup to cure incontrovertible

From well-known Citizens of Boston.

The undersigned having experienced for themselves or their families the benefits of the Peruvian Syrup deem it their duty to recommend it to the afflicted Those who

Rev JOHN PIERPONT, THOMAS C AMORY,
THOMAS F ANDREW, LUTHER HAMLIN
SHERWIN DALL M D, JAMES C DUNN
SAMUEL MAY Rev THOS J HUTCHINSON

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron will only be given when it is presented to the stomach in the state of Protoxide of Iron without further oxidation has been deemed impossible

In the Peruvian Syrup this desideratum has been attained by combining it with a Saccharine matter which will preserve it from change and also from oxidation when brought in contact with the digestive organs rendering it the most perfect preparation of the Protoxide of Iron ever before offered to the afflicted

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent Iodine has been considered the most useful article in Materia Medica and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation it remains almost as much a mystery as ever Dr Henry Anders a physician and chemist of New York, after years of patient labor and experiment discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent This considered impossible by the scientific world is attested by certificates of analysis from Dr J R Chilton of this city and Dr I Booth U S Mint Philadelphia The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals and its use recommended by practitioners (see 'American Medical Monthly' July 6 le 6, page 76.)

The valuable medicine is now available to all public for the cure of Scrofula in all its manifold forms Consumption, Cancer Ulcers Liver and Kidney Diseases Rheumatism Neuralgia Nervous Affections Dyspepsia, Bronchitis, etc

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine The patient recovers flesh strength and color his face pale, relaxed and feeble becomes full strong and ruddy

Full directions accompany each bottle

Sold by all Druggists Price $1 per bottle Prepared by Dr H Anders & Co Physicians and Chemists, New York

HOSTETTER'S

CELEBRATED

STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach liver and excretory organs is singularly soothing and conservative It regulates secretion and purifies them Deranged in all its former life to the control and invigorating properties

Invigorate the System

Vigorous digestion and pure blood produce nutritious blood, and nutritious blood a healthy frame Do not the victims of a dyspeptic stomach and the related disorders refuse to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system regulating the secretions and excretions giving tone to the animal juices which dissolve the food strengthen every relaxed nerve muscle and fibre and brings the whole machinery of vitality into vigorous and healthful play

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility from whatever cause arising in youth cured strength, in whatever manner it may have been wasted may be restored by the use of this powerful agent Healthy incipient For indigestion and all its painful affections bodily and mental they are a positive specific

A word to the Aged.

In the decline of life the use of vital force consequent upon physical decay can only be duly supplied by some vivifying preparation which restores the strength and spirits without entailing the exhaustion which follows the final effect of ordinary stimulants We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and tonic are effective, immediate in its beneficial action and permanent in its effects It tones the stomach improves the appetite and gives a healthy charm upon the spirits.

For Females

Thousands of ladies resort to it as a remedy for the depression and flutterings of the heart nervousness headache, vertigo, excitability and all peculiar distressances to which as a sex they are subject It checks and dislodges the local accumulations and severs as well as strengthens the body and thus is never followed by any reaction
